
END USER LICENCE AGREEMENT FOR SAMSUNG SOFTWARE [EULA]

IMPORTANT. READ CAREFULLY:

This End User Licence Agreement ("EULA") is a legal agreement between you (either an individual or a single entity) and Samsung Electronics Co., Ltd. ("Samsung") for software, whether pre-installed or downloaded, owned by Samsung and its affiliated companies and its third party suppliers and licensors, that accompanies this EULA, which includes computer software and may include associated media, content and data, printed materials, or electronic documentation in connection with your use of Samsung Mobile Device, which will be defined below ("Samsung Software").

By using this device or any other Samsung mobile product, including mobile phone and tablet, running on Android operating system ("Samsung Mobile Device"), you accept terms of this EULA. If you do not accept these terms, do not use the Samsung Mobile Device or the Samsung Software.

1. GRANT OF LICENCE.

Samsung grants you a limited non-exclusive licence to install, use, access, display and run one copy of the Samsung Software on a single Samsung Mobile Device, local hard disk(s) or other permanent storage media of one computer and you may not make Samsung Software available over a network where it could be used by multiple computers at the same time. You may make one copy of the Samsung Software in machine readable form for backup purposes only; provided that the backup copy must include all copyright or other proprietary notices contained on the original.

Certain items of the Samsung Software may be subject to open source licences. The open source licence provisions may override some of the terms of this EULA. We make the applicable open

source licenses available to you on the Legal Notices section of the Settings menu of your device.

2. RESERVATION OF RIGHTS AND OWNERSHIP.

Samsung reserves all rights not expressly granted to you in this EULA. The Software is protected by copyright and other intellectual property laws and treaties. Samsung or its suppliers own the title, copyright and other intellectual property rights in the Samsung Software. The Samsung Software is licenced, not sold.

3. LIMITATIONS ON END USER RIGHTS.

You shall not, and shall not enable or permit others to, copy, reverse engineer, decompile, disassemble, or otherwise attempt to discover the source code or algorithms of, the Software (except and only to the extent that such activity is expressly permitted by applicable law notwithstanding this limitation), or modify, or disable any features of, the Software, or create derivative works based on the Software. You may not rent, lease, lend, sublicense or provide commercial hosting services with the Software. You may not transfer this EULA or the rights to the Samsung Software granted herein to any third party unless it is in connection with the sale of the mobile device which the Samsung Software accompanied. In such event, the transfer must include all of the Samsung Software (including all component parts, the media and printed materials, any upgrades, this EULA) and you may not retain any copies of the Samsung Software. The transfer may not be an indirect transfer, such as a consignment. Prior to the transfer, the end user receiving the Samsung Software must agree to all the EULA terms. Where Samsung Mobile Device is being used by your employee or other person using the Samsung Mobile Device as part of your undertaking ("Your Staff"), that member of your Staff is licenced to use the Samsung Software as if it were you and must comply with these terms on the same basis. Any failure to comply with these terms by your Staff shall be deemed to a failure to comply with these terms by you.

4. SAMSUNG SOFTWARE UPDATES.

Samsung may make available to you updates, upgrades, supplements and add-on components (if any) of the Samsung Software, including bug fixes, service upgrades (parts or whole), and updates, enhancements and feature improvements or deletion to any Samsung Software (including entirely new versions), (collectively "Update") after the date you obtain your initial copy of the Samsung Software. This EULA applies to all and any component of the Update, unless we provide other terms along with such Update. To use Samsung Software provided through Update, you must first be licensed for the Samsung Software identified by Samsung as eligible for the Update.

While the Update will be generally available, in some limited circumstances, the Samsung Software updates will only be offered by your network carrier, and such Samsung Software updates will be governed by your contractual relationship with your network carrier.

With the "Software download automatically" function enabled (as in the default setting in the "About Device" menu in the Setting), your device downloads certain Updates automatically from time to time through Wi-Fi connection. If you have chosen to disable the "Software download automatically" function, then you can check the availability of new Updates and download them by clicking on the "Software download manually" menu in the Setting. Given the importance of receiving Updates for security software in a timely manner to defend against new threats, however, security-related Updates may be automatically downloaded and installed without your consent, even if you have disabled the "Software download automatically" function. This protects your Samsung Mobile Device directly and every Samsung Mobile Device in use via the concept of "herd" or "community immunity". We recommend that you check availability of any new Updates periodically for optimal use of your device.
